

Network Interface Device (NID)

Our NID box product is designed to optimize available space. It includes an area for storage, a splice tray, and a fiber management area. This NID can accommodate up to 6 SC or 8 LC patch and/or splice fibers, or 12 LC patch-only fibers. It is specifically engineered for FTTx installations and can be used both indoors and outdoors.

PN: HE-06NID-01

Features
