

Corning Pushlok™ Cable Assemblies

Embrace the future of connectivity with our custom-built **Pushlok™ cable assemblies**, offering a wide variety of connectors and custom breakouts in various lengths to suit your needs. The Pushlok™ connector simplifies installation with its user-friendly push-pull locking mechanism, enabling swift and secure connections without specialized tools or excessive force. This innovation enhances and expedites installation, and saves you time and money. Plus, it's backward compatible with OptiTap® ports via a field-installed adapter. Our plug-and-play, pre-terminated cable assemblies guarantee both convenience and reliable performance, delivering an efficient connectivity solution for your requirements.

In-Stock. Customized to Order. USA Assembled.

Features

- 1-2 fibers
- Connectors: Various LC styles, SC/APC, Full AXS®, PDLC, OptiTap®, and OptiTip®
- 1 fiber ROC and 2 fiber Flat Drop SST singlemode
